<b>TOTAL</b>					<b>\$ 33,226,373.00</b>	

The rate categories and sub-categories for the purposes of the levying of the 2011/2012 rates are as follows:

### **Area**

Wagga Wagga and Forest Hill

### **Applicable Rate Type**

Residential - City and Suburbs

Business - City and Suburbs

Villages of: San Isidore, Gumly Gumly, Tarcutta,

Humula, Uranquinty, Mangoplah, Oura,

Currawarna, Ladysmith, Galore and Collingullie

Residential - Villages

Business - Villages and Rural

Farmland rates will be levied on all rateable land, which, in the Council's opinion, qualifies as "Farmland" as defined in Section 515 of the Local Government Act 1993.

Residential - Rural rates will be levied on all rateable land which, in the Council's opinion, is land which:-

- (a) is the site of a dwelling;
- (b) is not less than 2 hectares and not more than 40 hectares in area;
- (c) is either -
  - (i) not zoned or otherwise designated for use under an environmental planning instrument; or
  - (ii) zoned or otherwise designated for use under such an instrument for non-urban purposes; and
- (d) does not have a significant and substantial commercial purpose or character.

## PRICING POLICY

Where it is legally permissible Council intends to charge fees for the provision of all goods and services that it provides.

These fees will be charged to all Council's clients that avail themselves of Council's goods and services.

The particular pricing policy Council applies to the various fees is as follows:

- (A) these items are priced at the figure stipulated by legislation as applicable to this activity;
- (B) these items are priced at the maximum recommended by the Local Government Association;
- (C) these items are priced so as to return a total cost recovery for the activities provided;
- (D) these items are priced to cover the cost of the item plus normal commercial mark-ups;
- (E) these items are priced at below the cost of providing this activity as Council considers that full cost recovery would deprive the members of the community of the ability to participate/enjoy these activities;

The pricing policy identifier (A, B, C, etc.) appears beside the various fees shown in Council's list of fees to be charged in 2011/2012.

### Notes

1. If the cost of providing these goods and services rises due to increases in statutory fees or increases in other costs beyond Council's control then the Council will pass on to users the increased costs, or part thereof, via a Council resolution to increase the fees for the affected goods and services.
2. The list of fees and charges also shows the GST payable on Council fees and charges. Those items not showing a GST component have been determined to be GST exempt.

## PROPOSED CHARGES

Council may levy and recover an annual charge for any service it provides for which it could otherwise levy a special rate.

## WASTE MANAGEMENT

### **Domestic Waste Management Service Charge – Urban Residential**

To be applied to all developed residential properties in the waste collection service areas of Wagga Wagga (including Gumly Gumly and Forest Hill), Tarcutta, Mangoplah and Ladysmith – \$253.50

### **Domestic Waste Management Service Charge – Rural Residential**

To be applied to all properties utilising a waste collection service managed by Council, but outside Council's defined waste collection service areas - \$253.50

### **Additional Domestic Bin Service Charge**

All properties requesting an additional bin will be charged an additional service fee of \$84.50 per bin per year

### **Domestic Waste Management Charge**

To be applied to all developed and undeveloped residential properties in the waste collection service of rural areas including Lake Albert and Springvale not utilising Council's waste management collection service - \$24.00

### **Commercial Waste Management Charge – Urban Commercial**

To be applied to all developed commercial properties within Council's waste collection service areas of Wagga Wagga (including Gumly Gumly and Forest Hill), Tarcutta, Mangoplah and Ladysmith \$253.50. Each additional service \$167.00

### **Commercial Waste Management Charge – Small Strata Properties**

To be applied to all commercial strata properties with a parcel area of less than 70 square metres not utilising a Council commercial waste service, and capable of using a waste service funded by the body corporate - \$84.50

### **Waste Management Service Charge – Vacant Land**

To be applied to each parcel of undeveloped rateable land within the waste collection service areas of Wagga (including Gumly Gumly and Forest Hill), Tarcutta, Mangoplah and Ladysmith - \$26.00

The estimated yield from Domestic Waste Management Service Charges is \$5,695,756 and this income will be applied towards providing waste management services within the Council area.

## SEWER CHARGES - NON Domestic

### Sewer Service Charge

Note: a 'pan equivalent fixture' is the assumed load on the sewer caused by a water closet pan (i.e. toilet). Other fixtures such as sinks are rated as a proportion of the fixture unit rating of a water closet pan, as defined in Australian Standard AS3500.2 (1990).

### Residential Properties (Developed)

Annual residential sewer charge of \$434.00 per dwelling unit. Multiple residence properties are charged \$434.00 per residence.

### Residential Properties (Vacant)

Vacant land which can be connected to the sewer system will be charged an annual residential sewer charge of \$434.00.

**Commercial and Non Residential Properties** (including special properties i.e. schools, sporting facilities, educational institutions and other non-commercial properties connected to sewer)

- All properties – An annual commercial sewer charge of \$868.00 (equivalent to twice the annual residential sewer charge) to be applied.
- Properties containing more than 4 pan equivalent fixtures an additional charge of \$108.50 (25% of residential sewer charge) for each additional pan equivalent fixture (or part thereof), up to 12 additional pan equivalent fixtures. (max \$1302.00)

### Strata Title Non-Residential Properties

Minimum base charge applied \$434.00.

- Properties containing more than 4 pan equivalent fixtures an additional charge of \$108.50 (25% of residential sewer charge) for each additional pan equivalent fixture (or part thereof), up to 12 additional pan equivalent fixtures. (max \$1302.00)

### Vacant Non-Residential Properties

A base charge of \$868.00 to be applied.

### Small Community Properties

Only available to approved applicants. A base charge of \$434.00 to apply.

- Properties containing more than 2 pan equivalent fixtures an additional charge of \$108.50 (25% of residential sewer charge) for each additional pan equivalent fixture (or part thereof), up to 12 additional pan equivalent fixtures. (max \$1302.00)

### Properties Serviced by Pressure Sewer

Additional charges of \$130.00 per pump installed for the fault response and replacement service.

### Sewer Connection in Existing Pressure Sewer Area: New Developments

\$18,216.00 per lot.

Note: Council does not approve of the use of pressure sewer systems for new developments. These systems will only be approved under special circumstances and cost is not a consideration in the approval of their use. Gravity mains are the preferred installation for all urban areas.

### Liquid Trade Waste

Council's Liquid Trade Waste charges are calculated according to Appendix I of the NSW Office of Water Liquid Trade Waste Regulation Guidelines. Council is required to apply these charges to reflect the costs of providing the services and comply with the NSW Independent Pricing and Regulatory Tribunal's (IPART) Pricing Principles for Local Water Authorities (1996). The IPART Pricing Principles are consistent with the Council of Australian Government's (COAG) Strategic Framework for Water Reform (1994). All Australian governments agreed to comply with this framework by 1998 and such compliance is required under National Competition Policy.

### Buildover Sewer Encumbrance Charge

Actual Cost

The preferred option for encumbering a Council main or easement is to relocate the main or easement clear of the proposed development, at full cost to the developer. If relocation of the main can not be achieved, application can be made to encumber the main.

If conditional approval is given, to encumber the main or easement, part of that conditional approval will require upgrading of the main to accommodate the encumbrance.

Any required upgrades to a main are at full cost to the developer.

## STORMWATER

Stormwater charges will be applicable to all properties, with the following exceptions , which are exempt from the charge:

- Crown Land
- Council Owned Land
- Land held under lease for private purposes granted under the Housing Act 2001 or the Aboriginal Housing Act 1998
- Vacant Land
- Rural Residential land or Rural Business land, not located in a village, town or city
- Land belonging to a Charity or Public Benevolent Institution

**Residential Standard Stormwater** - Charge of \$25.00 - To be applied to all Residential properties (including rural residential lands) that are not exempt from the charge.

**Residential Medium/High Density Stormwater** - Charge of \$12.50 per occupancy- To be applied to all, Residential Strata, Community Title, Multiple Occupancy properties (flats and units), and Retirement Village style developments, that are not exempt from the charge. Subject to a Maximum charge of \$250.00.

**Business Stormwater** - Charge of \$25.00 - To be applied to all Business properties (including rural business lands) that are not exempt from the charge. Properties are charged on a basis of \$25.00 per 350 square metres of land area of the property. Subject to a Maximum charge of \$250.00.

**Business Strata Stormwater** - Charge of \$12.50 -To be applied to all Business Strata Title properties that are not exempt from the charge.

## PROPOSED FEES

Council may charge a fee for any service it provides. The purpose of raising these fees is to recover, or assist the Council in recovering, the cost of providing these services.

Council proposes to charge the fees shown in the following pages during the 2011/2012 financial year. It should be noted that if the cost of providing these goods and services rises due to increases in statutory fees or increases in other costs beyond Council's control then the Council will pass on to users the increased costs, or part thereof, via a Council resolution to increase the fees for the affected goods and services.

### Development Contributions System

The Developer Contributions have been determined through the development of the Section 94 Contributions Plan adopted in April 2010 and Section 94A Contributions Plan, and Sewerage and Stormwater Development Servicing Plans adopted in February 2007. These plans provide for quarterly increases in contributions based on Consumer Price Index increases.
